*J. Nat. Prod.* **2014**, 77 (7), 1700–1707. DOI: 10.1021/np5003498

In our paper, an error was found. The configurational descriptor for C-30 of compound **1** (solid wedge) should be revised as a dashed wedge in the TOC/abstract graphic, Chart 1, and Figure 1. The corrected figures are as follows:

TOC:

The correction does not change the results and analysis in the paper and does not affect any discussion and conclusions either.

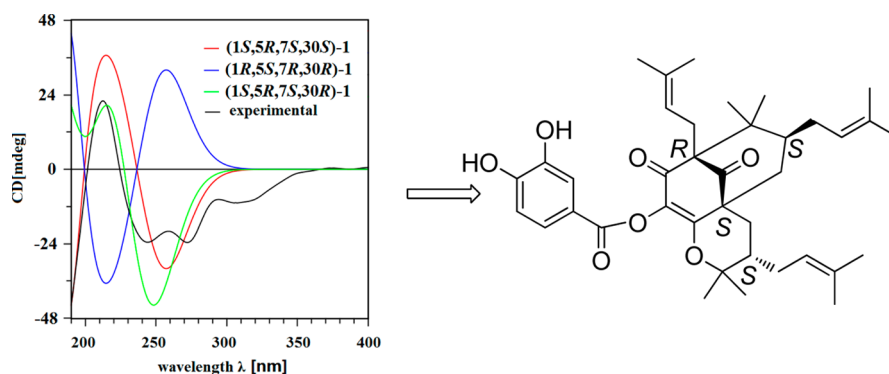

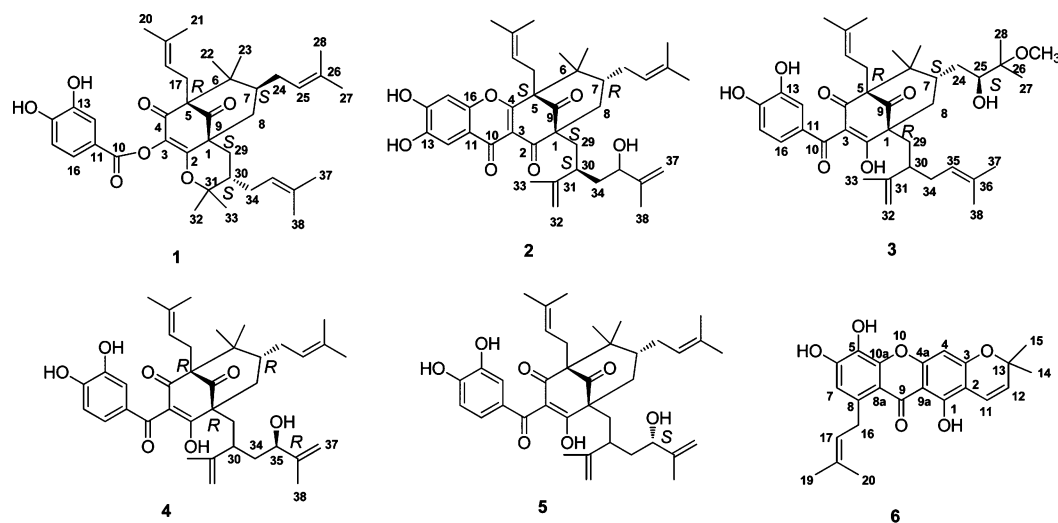

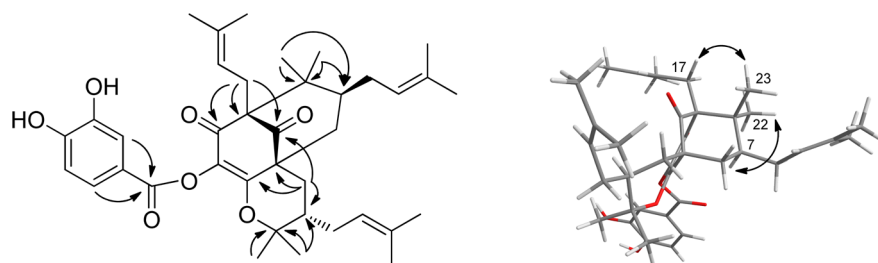

Chart 1

Published: August 25, 2014

**Figure 1.** Key correlations observed in the HMBC and NOESY NMR spectra of **1**.
