

# Additions and Corrections

2008, Volume 71

**Misong Jung, Kyoung Hwa Jang, Bora Kim, Bong Ho Lee, Byoung Wook Choi, Ki-Bong Oh\*, and Jong-heon Shin\*:** Meroditerpenoids from the Brown Alga *Sargassum siliquastrum*.

Page 1715: The structures for compound **1**, **2**, **7**, **14**, **15**, and **16** (Chart 1) were drawn with incorrect stereochemistry, and they should be corrected as shown below. It can be seen that instead of the absolute configurations at C-13' of **1**, **2**, **7**, **14**, **15**, and **16** being assigned as “*S*, *R*, *S*, *S*, *S*, and *S*”, as previously published, the configurations of this carbon atom should be “*R*, *S*, *R*, *R*, *R*, and *R*”, respectively.

**Chart 1**

Page 1714, column 2, row 5: “the absolute configurations at C-13' of **1** and **2** were assigned as *S* and *R*, respectively” should be corrected to “the absolute configurations at C-13' of **1** and **2** were assigned as *R* and *S*, respectively”.

Page 1714, column 2, row 11: “Although the chemical modification producing **6** from **1** suggested the 12'*S* configuration” should be corrected to “Although the chemical modification producing **6** from **1** suggested the 12'*R* configuration”.

Page 1714, column 2, row 27: “The 13'*S* absolute stereochemical configuration was assigned using the Mosher method” should be corrected to “The 13'*R* absolute stereochemical configuration was assigned using the Mosher method”.

Page 1717, column 1, row 4: “The 13'*S* configuration in both compounds was assigned by the Mosher method” should be corrected to “The 13'*R* configuration in both compounds was assigned by the Mosher method”.

Page 1719, column 1, row 18: The paragraph “Esterification with MTPA Chloride” needs to be corrected. All of the (–)-(*S*)-MTPA chlorides should be corrected as (–)-(*R*)-MTPA chlorides, while (+)-(*R*)-MTPA chlorides should be corrected as (+)-(*S*)-MTPA chlorides.

The authors apologize for any inconvenience caused by these errors.
